### From the Director's Desk

Some of my favorite memories involve reading to a child—my own, as well as those of friends and patrons. I remember the way children's eyes would grow large as we approached an exciting part of the book, the way their lips would sometimes mouth the words to a favorite part of the story. Good memories indeed.

This winter is the perfect time to bring a child in out of the cold, share a cup of hot cocoa and begin to read to them. You can talk about the pictures in the book, help the child identify colors, shapes, numbers, letters, and the names of people, places, animals and things. Anyone can do it, and you and the child will have a wonderful time, in the process creating memories that may very well last a lifetime.

And for those youth who are already comfortable with reading and are now facing school projects, tests, and final exams, I want to highlight the valuable online tutoring and educational resource called Brainfuse available from the Library's website with a library card. Students, interacting with live tutors, can receive help on a wide range of subjects, including math, science, reading and writing. Brainfuse also offers an extensive library of lessons, video tutorials and practice tests—including the SAT, ACT, GED, GRE, TOEFL, ASVAB, COMPASS/ACCUPLACER and more.

As for the adults .... Mark your calendars now for the signal social event of the season: the Friends' annual gala, Friday evening, January 27. This year the Among Friends party will present the TV game-style show "Celebrity Stumpers: A Battle of Wits," in which famous celebrities will match wits with local notables as they try to answer questions about the Eastern Shore and all things Maryland.

Finally, during this season of thanksgiving, I'd like to express my deep appreciation to all of the staff, volunteers, the Library Board of Trustees, the Library Foundation Board, our Friends of the Library and our library patrons for the passion, work, creativity and so much more that you give to the Library so that, in turn, the Library can give to you.

Thank you!

Dana Newman

# Children's Programming

'Twas the night  
before Christmas...

when all through the house  
Not a creature was stirring, not  
even a mouse;  
The stockings were hung by  
the chimney with care,  
In hopes that St. Nicholas soon  
would be there ....

The children were nestled all  
snug in their beds,  
While visions of sugar-plums  
danced in their heads;  
And mamma in her 'kerchief,  
and I in my cap,  
Had just settled down for a  
long winter's nap,

When out on the lawn there  
arose such a clatter,  
I sprang from the bed to see  
what was the matter.  
Away to the window I flew  
like a flash,  
Tore open the shutters and  
threw up the sash.

The moon on the breast of the  
new-fallen snow  
Gave the lustre of mid-day to  
objects below,  
When, what to my wondering  
eyes should appear,  
But a miniature sleigh, and  
eight tiny reindeer ...

—Clement Clarke Moore—
